

NEIGHBOURHOOD NOTICE

January 2012

Community Consultation Meeting

South Side of Campus Boundary/Landscaping Discussion

Please join us to discuss a shared vision for the interface of the university and adjacent neighbourhood in the area of new LeMarchant Mixed-use Building. Sera Thompson of New Leaf Social Innovation will facilitate a world café with community members, students, faculty and staff. Members from IBI Group, DSRA Envision Architecture and the Dalhousie project team look forward to hosting you.

The design team will use the discussion and outcomes identified in the world café to guide the design of a selection of possible landscape elements. You are invited to select and further refine the eventual landscape design at a follow up design charrette to be held in the evening on February 21 (details will be provided).

Desired outcomes

- Provide an opportunity for students, faculty, staff and our neighbours to express opinions around current plans and developments
- Identify issues surrounding community university interface
- Build a shared understanding of the vision and purpose of the boundary and how the built environment can support a well functioning interface
- A final landscape design that includes the opinion and wishes of stakeholders including neighbours, students, faculty and administration

Community Consultation Meeting

When: Tuesday, January 31, 2012
6:30 p.m. to 9:30 p.m.

Where: McInnes Room, Dalhousie Student Union Building

Light refreshments will be provided.
