

# Portfolio Internet Resources

---

Frank G. Lawson Career Information Centre

Information Sheet 2-13

---

Developing a portfolio is more than just an excellent way to demonstrate your learning or to showcase your abilities. By reflecting on your skills and accomplishments, you will develop a deeper understanding of yourself and where you have been. Developing a portfolio can also help you to develop clear goals for your future.

In order to provide you with additional support in the development of your own portfolios, the Career Information Centre also houses a collection of sample portfolios that Dalhousie students have submitted in partial fulfillment of their own course requirements. Be sure to drop by the **Student Union Building, 4<sup>th</sup> floor**, to browse through the student portfolios that we have on hand. They will provide you with lots of creative approaches that can be used in the development of your own portfolio.
