

THE VITAMIN SCHOLARSHIP

The Vitamin Scholarship was established for activities related to vitamin products (including vitamins A, B1, B2 B3, B4, B5, B6 B8, B9, B12, C, E, H, beta carotene, canthaxanthin, methionine, and products containing or derived from vitamins, including animals that consumed vitamins) such as food and nutritional research or education, food related programs, and/or consumer services or consumer protection activities.

- Masters and Doctoral students with a first class average who intend to pursue studies and research related to vitamins and vitamin-related products are eligible to apply.
- Students must be accepted to Dalhousie University to be eligible to apply.
- Masters level scholarships will be for one year only, while doctoral level scholarships may be renewed for one additional year.
- Award recipients will be identified by the Faculty of Graduate Studies Scholarship Committee.
- The general Dalhousie Graduate Award Rules are applied, except that the Award must be taken up upon commencing the first year of the degree program.
- The Award is valued at \$19,000 (Masters) and \$21,000 (Doctoral) for a twelve-month academic year
- The Award is tenable only at Dalhousie University.
- Fees are not waived and must be paid out of the award.
- Application and annual renewal request deadline: June 8th.
- Application and renewal request form can be found at <http://www.dal.ca/faculty/gradstudies/funding/scholarships/vitamin.html>.
- Thesis programs only
