By-Laws

By-Law No. 1: Terms of Membership

Tutor and tutee applications are accepted year-round. Once a tutoring application has been submitted:

a) It shall be entered in the tutoring database by the administrating staff.

b) It will remain active for the duration stipulated by the tutor in their tutoring application, but no longer than one academic year (always ending in August).

c) It can be automatically renewed past one academic year with supporting evidence that the tutor is still in good academic standing and still willing to adhere to the Tutoring Agreement.
Tutee applications will only be valid for one academic year. Tutees need to resubmit tutoring requests (via email) if they wish to continue receiving tutoring support. Tutees have no deadline past which they can resubmit applications, although demand for tutors may be high, so if an application is submitted later in the academic year, it can translate into longer waiting times.

By-Law No. 2: Guidelines for Recognition of Tutors in the Co-Curricular Program at Dalhousie University

We are aware of the vast academic, personal and career benefits of peer tutoring. That is why, at Dalhousie, we acknowledge tutors’ notable contributions to the academic and social fabric of our community. Therefore, if someone tutors for 24 hours or more each year (for pay or as a volunteer), that tutor’s contributions will be acknowledged as part of our Co-Curricular Program.

By-Law No. 3: Termination of Tutoring Services

If, for any reason, it comes to the attention of the SFS Coordinator that either a tutor or a tutee:
- a) has been dishonest on their application
- b) has acted unprofessionally or unethically during tutoring meetings or
- c) has violated any of the terms of the agreements signed with the administrative staff,
then their participation in the tutoring program provided through the Studying for Success program at Dalhousie University, will be terminated immediately.

If tutees do not pay in advance of their tutoring sessions and are in arrears with their tutoring payments (of up to $60), all tutoring will immediately cease.

Three un-notified absences from scheduled tutoring sessions by either tutor or tutee will result in suspension from the tutoring program for one academic year.

In addition, both tutors and tutees have the right to terminate their participation in all or some of the tutoring services they agreed to take part in, no questions asked. Please note, however, that due notice for termination shall be given to the SFS Coordinator and administrative staff and the tutor/tutee counterpart. Due notice for termination is defined as at least 48 hours before a scheduled tutoring meeting. If this requirement is met, no charges will incur.
