

Department of Biology Seminar Schedule Winter 2016

Unless otherwise noted, seminars are held on Thursdays from 3:30-4:30 in the 5th Floor
Biology Lounge, LSC

Contacts: Erin Bertrand erin.bertrand@dal.ca
Patrice Côté Patrice.cote@dal.ca
Jackie Zorz J.Zorz@dal.ca

Jan 14th

Jeffrey Waller

Department of Chemistry and Biochemistry, Mt. Allison University

**Discovery and characterization of dimethylsulfoniopropionate biosynthesis enzymes in a
Chlorophyte algae**

Host: Sophia Stone

Jan 21st

Martha Mullally

Integrated Science Program and Department of Biology, Dalhousie University

**The Flexible Learning Initiative at UBC: Implementing and evaluating course
transformations in first-year biology**

Host: Erin Bertrand

~~Jan 28th~~ POSTPONED

WEDNESDAY Feb 3rd 3:30-4:40

Anne Dalziel

Department of Biology, St. Mary's University

Adaptation and acclimation of exercise physiology in Lake Whitefish ecotypes

Feb 4th

Ian Stewart

History of Science and Technology Programme, University of King's College

The 'environment' of environmental sciences in Canada: reflections on recent socio-political developments, and why scientists should care

Feb 11th

Cory Bishop

Department of Biology, St. Francis Xavier University

Greening the Embryo: an enigmatic symbiosis between unicellular green algae and some North American Amphibians

Feb 18th

Mathieu Dever

Department of Oceanography, Dalhousie University

Linkage Between Coastal Conditions, Detection Patterns and Migratory Behavior of Atlantic Salmon Smolts (*Salmo salar*) Along the Halifax Line

Feb 25th

LETT SYMPOSIUM

March 3rd

Michael Sinclair

Bedford Inst. of Oceanography

Eastern Scotian Shelf Trophic Dynamics: a review of the evidence for diverse hypotheses

March 10th

Daniel Speiser

Department of Biological Sciences, University of South Carolina

TBA

March 17th

Charles Trick

Department of Biology, Western University, London ON

The Palms, Safaris, and Ecosystem Health: are biologists ready for the challenge?

TUESDAY March 22nd 11:30-12:30

Richard Phillips

British Antarctic Survey

Seabird research at South Georgia, and application to global conservation

TUESDAY March 29th 11:30-12:30

Joint Biology and Oceanography Seminar – Location: Oceanography Wing, LSC Room 3655

Gordon Taylor

Stony Brook University, Stony Brook NY

Title TBA
