

Joint Anomalies Committee Report: 2021-2022

The Joint Anomalies Committee (JAC) meets each year to consider applications received by the deadline date for submissions from faculty members or their respective academic administrators. This year we met on 19 May 2022. Each applicant was informed of the JAC's decision in their particular case via E-mail on 27 May 2022.

A total of 31 eligible applications were received from individual faculty members. As per the collective agreement (Article 31A), an amount of \$144,366 was allocated to the Anomalies Fund for 2021-2022, plus a carry-forward of \$151,000, leaving a total of \$313,101 available for distribution.

Of the 31 applications, 28 were granted awards from the Anomalies Fund. The salaries of 3 applicants were not deemed to be anomalous.

The total awarded from the Anomalies Fund for 2021-2022 was \$102,390. It should be noted that this total amount may be reduced upon Payroll implementation of the awards since a Member's salary (with anomalies award) cannot exceed the salary maximum for the Member's rank.

Tables 1 and 2 provide award breakdowns by Faculty, and amount, respectively.
