Employees represented by Unions are encouraged to seek representation as early in the process as possible.
 - b. A request for an Accommodation must be made in writing to the Employee's Administrative Head. An Employee may also choose to consult with Human Resources, their Union (if applicable) or Human Rights & Equity Services in relation to a request for an Accommodation. A request for an Accommodation will:
 - identify the protected characteristic involved,
 - explain why the Employee requires an Accommodation,
 - describe the specific Accommodation being requested, and
 - suggest how the Accommodation can be achieved.

A request for an Accommodation submitted to an Administrative Head should not include medical information, including diagnosis.
 - c. The University recognizes that in situations where university representatives are aware, or reasonably ought to be aware, that there may be a relationship between a protected characteristic and someone's job performance, there may be a duty on the part of the university to inquire into that possible relationship before making a decision that would affect the person adversely. This includes providing a meaningful opportunity to the employee to request an Accommodation.
2. Preliminary Assessment and Information Gathering:
- a. A request for an Accommodation will be considered by both the Administrative Head and Human Resources, who will together decide what, if any, Accommodation will be provided.

- b. Upon receiving a request for an Accommodation, the Administrative Head shall forward a copy of the request to Human Resources. Human Resources will notify the applicant that their request can be copied to their Union, if applicable.
- c. The Administrative Head and Human Resources will determine whether the request arises in relation to one of the protected characteristics under human rights legislation. Before concluding that the request does not arise in relation to one of the protected characteristics under human rights legislation, Human Rights and Equity Services shall be consulted.
- d. Where a request for an Accommodation requires supporting documentation to establish a need for an Accommodation and/or to assist in identifying the most appropriate means of accommodating the Employee, Human Resources will:
 - i. engage with the Employee directly to determine what, if any, documentation will be relevant to the request for the Accommodation; ii. work with the Employee to request and obtain required information from health professionals, and upon receipt of that information, hold it in a secure manner, and
 - ii. inform the Administrative Head of the Employee's functional limitations and will only share the least amount of personal information possible with the Administrative Head.
- e. Where the Administrative Head or Human Resources, as applicable, requires additional information to support a request for an Accommodation, Employees will make best efforts to provide that information. The University may be unable to process an Accommodation request in the absence of required supporting information.
- f. Where the Accommodation requested is a leave of absence due to (dis)Ability (or illness), the University Guidelines on Health Leave Administration for Faculty and Staff will also be engaged.

3. Consultation and Decision Upon Reasonable Accommodation:

- a. If the Administrative Head and Human Resources determine that the Employee is experiencing a barrier in their work environment and that barrier is connected to a Protected Characteristic, the Administrative Head and Human Resources will determine what Accommodation will be provided.

- b. In assessing whether an Accommodation can be made without imposing undue hardship upon the University, all relevant factors will be considered. Such factors include, but are not limited to, the following:
- i. Accommodation sought by the Employee;
 - ii. Linkage – whether the Employee’s proposed Accommodation will have the practical effect of eliminating or reducing the identified barrier;
 - iii. Safety – whether the proposed Accommodation would pose a safety risk to other individuals or to the Employee seeking the Accommodation;
 - iv. Financial Cost – whether the costs (estimated out-of-pocket expenses to put the Accommodation in place together with any long-term costs to sustain the proposed Accommodation) would be prohibitive;
 - v. Size and Nature of the Operation – whether the proposed Accommodation would be disruptive to the Employee’s unit or University activities generally, considering the number of Employees and the nature and inter-relationship of faculty or staff positions and the functions that they serve;
 - vi. Interchangeability of the Workforce and Facilities – whether the workforce or facility would be adaptable enough to be able to implement the proposed Accommodation;
 - vii. Provisions of a Collective Agreement – whether the proposed Accommodation would significantly interfere with the rights of other employees under the Collective Agreement;
 - viii. Impact on Other Employees; and
 - ix. Other Possible Accommodations.
- c. Having regard to the relevant factors, including those outlined in 3b. above, and following consultation with the Employee making the request and any other relevant Parties, the Administrative Head and Human Resources will determine what, if any, Accommodation will be provided. They will then determine how the Accommodation will be implemented.
- d. Notwithstanding c. above and the Employee’s inclusion in the search for an Accommodation an Employee is entitled a reasonable Accommodation if not their preferred Accommodation.
- e. Before reaching a decision that an Accommodation request will be denied as it imposes undue hardship upon the University, Human Rights and Equity Services shall be consulted.

4. Notification of Decision: The Administrative Head will communicate the decision, with reasons, in writing to the Employee requesting the Accommodation. Human Resources will notify the applicant that their request can be copied to their Union, if applicable. Where an Accommodation is granted, the notification will specify the Accommodation to be provided and will include details around the implementation of the Accommodation, the duration of the Accommodation, and the frequency of review of the Accommodation.
5. Implementation of an Accommodation: The Parties engaged in providing an Accommodation under this Policy will cooperate fully and in good faith to implement the agreed upon Accommodation.
6. Change in Circumstances: Accommodations will be reviewed from time to time to determine whether any adjustments are necessary. If the Employee's circumstances change in a way that may affect any aspect of an Accommodation, they will promptly notify their Administrative Head. The Employee will also respond to all inquiries for information related to an Accommodation within 10 calendar days.
7. Objection to and Appeal of Decision: Where an Employee disagrees with an Accommodation decision, they should attempt to resolve the matter through discussions with the Administrative Head. If the matter remains unresolved the member may initiate:
 - a. a complaint under the University Statement on Prohibited Discrimination; or
 - b. a grievance, complaint or appeal under no-discrimination clauses in applicable collective agreements, employee handbooks or employee contracts, where such clauses exist.
