

DalCard Digital ID QUICK START GUIDE

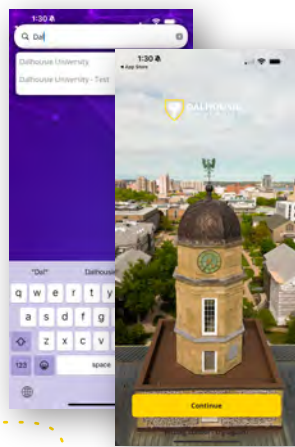

1 Download

Download the **TouchNet 360u** app in the Apple App Store or on Google Play (Android)

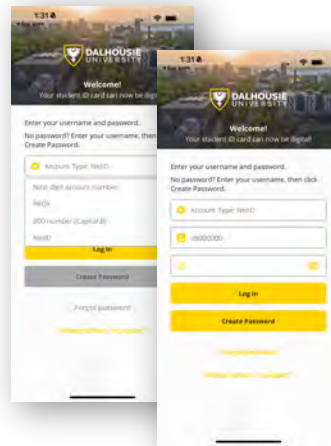

2 Setup

Open the **TouchNet 360u** app. Search for Dalhousie University in the search box and choose the **"Dalhousie University"** option. Select **"Continue"** on the next screen.

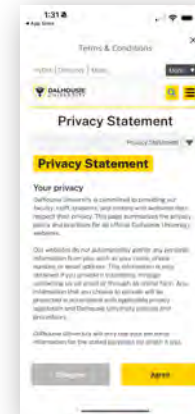

Log in using your NetID and password. Make sure **"Account Type: NetID"** is selected.

Tip: Do **not** include **@dal.ca** after your NetID

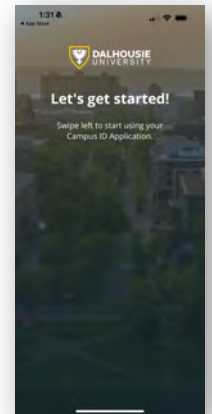

Review the Privacy Statement and select **"Agree"**

The app will display your Digital Campus ID. Select **"Continue"**

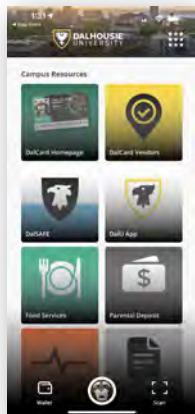

Swipe left to start the app.

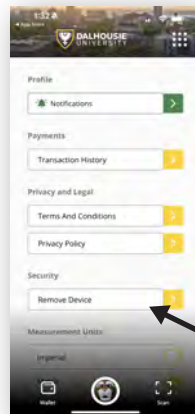

3 Navigating the app

The main page of the app features several shortcuts to other services.

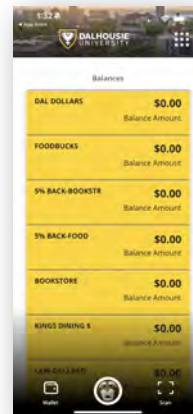

To view other options, including notifications and transaction history, select the dots at the top right.

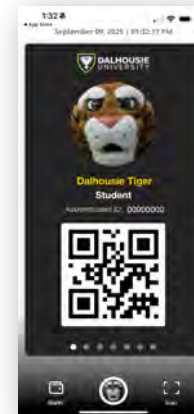

NOTE: If you wish to use the app on a different device, you must first **"Remove Device"** on your current one.

To see your DalCard account balances, select the **"Wallet"** icon at the bottom of the screen.

To view your Digital Campus ID, select your photo at the bottom of the screen.

View other versions of your ID and other scan codes by swiping left. This includes a copy of your DalCard.
