English in Canada

This four-week program is an immersion experience that combines language classes and a robust sociocultural lineup. Improve your confidence and fluency in English, experience the unique city and culture of Halifax, and explore your academic pursuits through meetings with university advisors and campus lab visits.

Welcome to Dalhousie University, situated in beautiful Nova Scotia, Canada's Ocean Playground!

PROGRAM FEATURES

English Skills

Improve your real-life English skills. Classes are dynamic and focused on the communication skills you need to complete projects, work in groups, and express yourself.

Sociocultural Activities

Halifax has a vibrant nightlife, shopping, museums, festivals, and cultural events. Visit the beaches, parks, and cultural and historic sites around the province of Nova Scotia on evening and weekend excursions.

Language and Culture Assistants

A team of Language and Culture Assistants (LCAs) accompanies the group on outings, acting as guides to the university, city, language, and culture—as well as providing numerous opportunities for conversation practice and discussion about English language or Canadian culture.

Campus Tours

Our enhanced campus tours provide opportunities to take a closer look at specialized labs and facilities, engage in hands-on activities, and meet with professors and faculty members.
