Program related questions should be directed to Tasha Richards, tasha.richard@dal.ca.

Students are required to complete 60 credit hours regardless of prior post-secondary experience. meaning students will complete 20 courses with Dalhousie, assuming that each course is 3 credit hours.

Students are required to complete the program within 6 years. Students interested in pursuing their studies part time are encouraged to speak to an academic advisor for support with course selection and degree planning.

CERTIFICATE IN ENTREPRENEURSHIP AND INNOVATION: Students are eligible to complete the [Certificate in Entrepreneurship and Innovation](#) as part of their degree program. Students must earn a minimum grade of B- for all courses required for the certificate. Students must declare the certificate within DalOnline. Questions related to the certificate may be directed to Tasha Richards, tasha.richard@dal.ca.
